## Tai Ping Carpets

If the nine designs in the company's Chinoiserie carpet line, each more elegant than the last, cause words like "dreamy" and "ethereal" to drift to mind, you have designer Romy Fischler to thank. **Berri** and **Il**, **Chantilly**, and **Orleans** share the same

fabrication of wool, silk, and fax. **Condé** comes in wool and silk. **Atois** utilizes PVC Baryline loop fiber. Richly understated, all are hand-tufted and customizable by size and color. The production process is meticulous—and much is done by hand. 212-979-2233; [taipingcarpets.com](http://taipingcarpets.com). **circle 570** ➤
